

K-LOVE Radio serves me as a resident of Cincinnati, Ohio. It is uplifting, encouraging, informative, and "clean air" for my children. There is never inappropriate material for children on KLOVE! If KLOVE were to be replaced by an LPFM broadcaster providing other programming, our community would be disadvantaged. KLOVE provides a safe place to listen, no crude jokes or language, NO COMMERCIALS, and always positive music and talk. Please do not allow a new LPFM station to take priority over the current FM translator service which allows KLOVE to air on my radio.
